

# Figure 1

## My Process

1. Go to my dashboard
2. My agency should show up (I'm going to limit access to access to the agency's data.
3. I want to add a new Fighting Vehicle
4. One of two ways
  - a. Click the button here
  - b. Add a Add New Asset Button on the Fire Fighting Vehicle report

Sw Louisiana Mutual Aid Association Equipment Database

# Figure 2

The screenshot shows the configuration page for a field named "Add Asset Fire Fighting Equipment". The breadcrumb trail is "Agency Settings > Fields > Add Asset Fire Fighting Equipment". The page has tabs for "Properties", "Usage", "Comments", and "Dependency Diagram". Under the "Basics" section, the "Label" is "Add Asset Fire Fighting Equipment", the "Type" is "URL" with a "Change Type" link, and there is an unchecked "Must be unique" checkbox. The "Formula - URL field options" section includes a "Check my formula" button and a text area containing the following formula:

```
1 URLRoot() & "db/" & [_DBID_ASSET_FIRE_FIGHTING_EQUIPMENT] & "?a=API_GenAddRecordForm&_fid_56=" & URLEncode ([Record ID# Agency])& "&z=" & Rurl()
```

# Figure 3

The screenshot displays the "Forms" management interface. On the left is a navigation menu with categories: "Table Structure" (Structure, Fields, Table-to-table relationships, Advanced settings), "User Interface" (Table home page, Reports & charts, Forms), and "Workflow & Permissions" (Notifications, subscriptions, & reminders, Access). The main area shows a "Forms" list with a "Delete" button and "6 Forms" count. A "+ New form" button is in the top right. The list contains the following items:

Form	Form Id ↑	Actions
<input type="checkbox"/> Asset Fire Fighting Vehicles Main Form	2	🔍 📄 ✖
<input type="checkbox"/> Main Form	10	🔍 📄
<input type="checkbox"/> Form 11/10/2024	13	🔍 📄 ✖
<input type="checkbox"/> Test form	14	🔍 📄 ✖
